

Can you help sign up two new members?

Dear local member,

As the election campaign drags on, Hepburn Wind is sparing you the hot air and **moving forward** with real, **real action**.

While REpower are completing the detailed engineering design for the wind farm, we're planning a big local member drive on election day. Our local members are the driving force behind this project and your commitment and energy are the best advertisement for attracting new members.

We are asking every local member to help us sign up two new local members on election day.

It's not hard - new members are easy to find...

- your partner, children or grandchildren
- your friends and neighbours
- your workmates
- members of your local sporting or recreation group
- people you bump into at the supermarket...

We're head from many that they are planning to join, but just haven't had a chance to sit down and complete the application form. So to make it as easy as possible, we're setting up a stall right outside the polls on Saturday. We will have information, registration forms and members at the ready to answer questions and help sign up as many new members as possible.

Come along and help us sign up your friends at our special election day street stall at the Daylesford Primary School on Saturday 21 August 10am - 4pm.

Remember, the special minimum investment levels for locals is just \$100.

We know you don't need incentives to be excited about Hepburn Wind, but to reward your support in this local member drive we have several special mystery prizes to be announced at a major event in October we'll be announcing soon. Make sure you write your own name clearly at the top of each application form you bring to Hepburn Wind and you'll go in the draw.

Visit us on election day, get others involved and show our 'leaders' what leadership looks like.

We look forward to seeing you on the day!

Vote now for:

- less pollution**
clean energy, not dirty coal
- focus on our future**
a brighter future for our children
- community building**
\$1 million for local projects
- action, not promises**
construction starting this year
- real impact**
enough energy for 2300 homes

JOIN NOW

- 1 Hepburn Wind**
local action, local control
- 2 Hepburn Wind**
clean energy at a community scale
- 3 Hepburn Wind**
ethical investment in our community

regards,

Vicki Horrigan
Director

p.s. We will have everything you need to sign up on the day - just bring your \$100 (or more!) per applicant. To be prepared, you can download our Membership and Offer Document and the application form from www.hepburnwind.com.au/together
