

## Watch this space!

The southern shoulder of the Leonards Hill landscape will gain a new feature over the coming weeks as our two wind turbines find their feet. Standing up at a total of just under 110 metres tall you will be able to see the towers from several vantage points in the shire.

The team at Hepburn Wind is grateful for widespread community support over this six year journey. This pioneering project has been powered by many hearts and hands and common values of sustainability and local resilience.

## Connect with this community...

For a limited time locals can still join Hepburn Wind starting from just \$100. To support this local initiative, visit [hepburnwind.com.au/offer](http://hepburnwind.com.au/offer)
