## Locals commit by 1 July!

Thank you to all of the locals who have joined in the past week. It is an exciting time as we complete construction and are able to see the turbines upon Leonards Hill.

If you have been thinking of joining, now is the perfect time before the share price increases by 10 cents on 1 July to \$1.10. **Locals can join from just \$100.**

## Plugging in

The electrical team will begin connecting into the local power lines in the next couple of weeks, and shortly after, bit by bit, the wind farm will be energised until the blades are ready to turn. We look forward to generating clean, safe energy very soon.

## Buy the wind's power

Yes you will be able to buy Hepburn Wind power! We are busily working with Red Energy (a 100% Australian company) to deliver a great deal for customers and for the community. We look forward to sharing the details shortly.
