## Purchasing local power

Red Energy is purchasing 100% of our power and will soon launch a new offering: the **Red Energy Community Saver**. Red Energy is 100% owned by the great Australian company Snowy Hydro.

This is Red Energy's best value product and will see up to \$50 per customer contributed to our community fund each year. Details available very soon.

## Hepburn Wind Community Fund Round 1 is open

We understand more than many that from little things, big things grow and now we're following through on our commitment to fund other local projects that will strengthen our community. We are open for applications until 14 October. Full details available at [hepburnwind.com.au/fund](http://hepburnwind.com.au/fund)

## Complaints process

As a community co-operative, we're committed to the well-being of our community. We take all complaints very seriously and are committed to resolving all reasonable complaints. If you have any concerns with the wind farm, we want to meet to understand your claims and work with you to find a resolution. Please see [hepburnwind.com.au/complaints](http://hepburnwind.com.au/complaints).

## Did you know...

South Australia has more wind power than any other state in Australia. Over the past 5 years wind power has tripled while coal and gas generation have reduced significantly. As a result, pollution from electricity in SA has dropped by more than 20%.
