## Locals commit by 1 July!

Our pioneering community model has inspired communities around Australia and we welcome you to support the project before the share price increases by 10 cents on 1 July 2011 to \$1.10.

Locals can join now from just \$100.

## Electricals given 'green light'

The electrical team has finished installation and two independent electrical inspectors have signed off on all the approvals required for connection.

As soon as there is a break in the weather Powercor will be back to connect to the local power network.

## Local power available soon!

We are busily working with Red Energy to deliver a great deal for customers and for the community.

We are excited to share the details shortly on how you can buy power from the two turbines upon Leonards Hill.
